1,900,000 LITRES

CERGAM

Has made available a total of
1,900,000 litres of clean drinking water.

That means access to water for at least
26 people during 10 years or more.

Cergam has donated to the Made Blue Foundation for
this purpose. This donation is invested in water projects in
countries with severe water scarcity.

In this way, at least the same number of litres of clean
drinking water will become available to people who currently
do not have access to it.

Cergam contributes to the mission of the Made Blue
Foundation by donating a liter of clean drinking water for
every printed bottle.

Date: **11 March 2026**

Made Blue Foundation
Hester Apeldoorn, President

This certificate will only be issued after receipt of the donation by the Made Blue Foundation.
The litres on this certificate are based on all donations since the start of participation in 2025.
The organisation above is allowed to call itself ambassador for Made Blue and use the logo.
